We hope that many of our previous members will come along and chat about old times.

Many people will know we want to donate a defibrillator, this is being organised by our last treasurer Martin.

Over the last three years every production that CHAPS has put on has made a profit. This is due to the great support we receive from the local communities in Llandudno Junction, Conwy and Llandudno. Early in 2019, the committee decided to find a way of putting something back into the community. We obtained quotes from Welsh Hearts for the purchase of a defibrillator in a secure stainless steel box. Boots Pharmacy in the Junction have been very positive about accommodating the defibrillator. The agreed proposal now is to locate a defibrillator on the side wall of the branch (outside). It will be available all the time. We are currently resolving the insurance, property and legal issues. Once the defibrillator is installed we hope to have some publicity, to coincide with the 40 years anniversary of CHAPS.

Thanks to Martin and Boots

Look out for more information in the Pioneer (thanks Suzanne)
And via our website chapsconwy.org.uk set up and run by Keith (thanks Keith)
